

Food Play: Backgrounder

We are pleased to announce some a new provincial resource

What is the new resource?

404101-NFS **Food Play**

What resource does this replace?

This new resource does not replace any existing resources.

Who is the target audience?

The target audience for this resource is parents/caregivers of children with feeding difficulties.

Who will use the resource?

This resource was designed for use by dietitians and feeding therapists.

What is the purpose of the resource?

Please refer to the documents:

Food Play: Using the resource (What you need to know)

Found here:

X:\Nutrition Services\General Access Documents\Education Resources\Patient Handouts & Info Sheets\Therapeutic Nutrition\Pediatrics

Related Nutrition Practice Guideline:

There are no related Nutrition Practice Guidelines.

What are the key messages?

Please refer to the documents:

Food Play: Using the resource (What you need to know)

Who developed the resource?

This resource was developed by the Pediatric Feeding Difficulties Nutrition Working Group and reviewed by stakeholders across the province. We'd like to acknowledge the hard work and time provided by the working group in the development process.

Food Play: Backgrounder

Where can I find the new resource?

- **The Nutrition and Food Services provincial shared drive** (X:\Nutrition Services\General Access Documents\Education Resources\Patient Handouts & Info Sheets) :
 - in the \Therapeutic Nutrition\Pediatrics.
 - from the **Provincial Resource list**, which has links to each resource on the provincial shared drive.
- The AHS Nutrition Education Materials page under **Children/Adolescents**.

How do I order the resource?

- Within AHS, it can be ordered through Data Group using the form number listed above. Ask your NS Secretary to order the resource for you.
- If you require small numbers of this resource, (e.g. 25 or less in 6 months) please print what you need from the pdf files on the shared drive, instead of ordering from Data Group.
- For non-AHS customers and partners, the resource can be ordered from the Nutrition Resource On line Catalogue (DATA online) see: Healthy Eating Resources
