

PEAS PROJECT EVALUATION Family Survey Information Form

WHAT IS THE ALBERTA PEDIATRIC EATING AND SWALLOWING (PEAS) EVALUATION ABOUT?

The PEAS Project aims to improve care for children with feeding challenges. We want to know if this project is helping children and families like yours. You can help us by doing a short survey. What we learn from you can make this program even better.

DO I HAVE TO TAKE PART IN THE SURVEYS?

No. It is your choice to take part. You can stop taking part at any time. Your decision will not affect the care we give your family.

WHAT WOULD MY CHILD AND I HAVE TO DO?

This survey is only for you the parent/caregiver, not your child. It should take less than 5 minutes to do. If you agree, we would like to send you two short follow-up surveys in the next 12 months.

WILL MY SURVEY ANSWERS BE KEPT PRIVATE?

Yes. Survey answers from all families will be combined before being reported. **Nothing that identifies you or your child will be shared.** Only the project evaluators see your individual answers.

We are asking for your child's birthdate and Personal Health Number (PHN) so we can link together the surveys you've done. This helps us see if there has been a change in the care we provide.

FOR FURTHER INFORMATION

For any questions about the PEAS Project or this survey, please email PEAS.Project@ahs.ca
Or you may phone (587) 773-4241 to speak with the project manager.

Thank you,

*Dr. Justine Turner
Pediatrics, Pediatric Gastroenterology
Stollery Children's Hospital, Edmonton*

If you are interested in taking part in this survey, please enter this URL into your browser on your cell phone, tablet or computer:

<https://vsurvey.albertahealthservices.ca/SE/1/PEASFamily/>

Or scan the QR code with your phone's camera to go to the survey.

Note: If the survey link does not come up on your phone, you will need to download an external app to read the QR code.
